# Who is Corporate One?

## About Us

Originally chartered in 1949 and headquartered in Columbus, Ohio, Corporate One Federal Credit Union is a leading wholesale financial services provider to more than 770 of America's credit unions. With more than \$4.5 billion in assets under management, Corporate One offers correspondent solutions including ATM/debit cards, share draft imaging, and depository and electronic payment services as well as investment solutions to credit unions across the United States.

Throughout our history, Corporate One has developed innovative solutions for credit unions. We developed SimpliCD, the turnkey certificate of deposit program now marketed by corporate credit unions nationwide. We also developed and manage Alliance One, one of the nation's largest non-network-specific ATM selective-surcharging groups in America.
