Corporate One Announces Real-Time Payments Webinar Series to Help Credit Unions Make the Most of the Industry's Payments Revolution

COLUMBUS, Ohio— As a trusted provider of payment solutions to credit unions for more than five decades, Corporate One Federal Credit Union continues to take a leadership role in developing and helping deliver world-class faster payments solutions in the U.S., as well as educating credit unions on the importance of the industry's momentous transition to real-time payments. Credit unions nationwide are invited to join Corporate One this fall for a free webinar series to discover more about the benefits of real-time payments, hear from the major players at the U.S. Faster Payments Council, The Clearing House, and the Federal Reserve, and learn how to get connected to real-time payments opportunities.

"Real-time payments offer many new benefits for consumers and financial institutions alike," said Corporate One's SVP, Strategic Operations Officer, Charles Harkness. "This new educational series discusses those benefits and takes a closer look at the evolution of the payments world and how real-time payments are becoming the future of the industry." A summary of each webinar is below:

Understanding Real-time Payments: October 1

Get an introduction to the newest payment rail in 40 years, The Clearing House's (TCH) RTP® network, along with the benefits of real-time payments. Learn how TCH and the Federal Reserve are working on creating frameworks to support ubiquitous real-time payments. Hosted by Corporate One's SVP, Strategic Operations Officer, Charles Harkness. Charles is also the U.S. Faster Payments Council's Chair of the Education and Awareness Work Group, Operations Committee member, and Board Member.

How the U.S. Faster Payments Council is Helping Real-time Payments Become Reality: October 7

Learn about the mission and goals of the FPC, how the FPC is working to improve collaboration to promote a world-class, ubiquitous payment system in the U.S., and how your credit union can get involved. Hosted by the FPC's Executive Director, Reed Lutheran, and Corporate One's SVP, Strategic Operations Officer and the FPC's Chair of the Education and Awareness Work Group, Operations Committee Member, and Board Member, Charles Harkness.

Introducing the Newest Payment Rail in 40 years: The Clearing House's RTP® Network: October 20

Discover how The Clearing House's RTP network is facilitating real-time payments, the roles within the system, and the benefits of the details and data that accompany enhanced payment messages. Hosted by Sherpa Technologies' CEO and President, Keith Riddle, and TCH's SVP of Sales and Account Management, Elena Whisler.

Register for each of these three webinars [here](#).

Introducing the FedNowSM Service: The Federal Reserve Banks' New Instant Payment Service. Details for this webinar are coming soon! Visit www.corporateone.coop/events for updates.

###

About Corporate One

Founded in 1949, Corporate One Federal Credit Union is a wholesale financial services provider to nearly 800 credit unions nationwide and offers a full menu of payments, investments, and funding solutions to help credit unions grow their bottom line, manage cash effectively, and succeed in the faster/real-time payments arena. For more information, visit www.corporateone.coop.

About the U.S. Faster Payments Council

The Faster Payments Council (FPC) is an industry-led membership organization whose mission is to facilitate a world-class payment system where every person or organization can safely and securely pay anyone, anywhere, at any time and with near-immediate funds availability. By design, the FPC encourages a diverse range of perspectives and is open to all stakeholders in the U.S. payment system. Guided by principles of fairness, inclusiveness, flexibility and transparency, the FPC uses collaborative, problem-solving approaches to resolve the issues that are inhibiting broad faster payments adoption in this country. Learn more at www.fasterpaymentscouncil.org.

About The Clearing House

The Clearing House operates U.S.-based payments networks that clear and settle more than \$2 trillion each day through wire, ACH, check image, and the RTP® network. It is the nation's most experienced payments company, with a long track record of providing secure and reliable systems, payments innovation, and strategic thought leadership to banks and credit unions. Most recently, The Clearing House has revolutionized U.S. payments infrastructure with the RTP network, which supports the immediate clearing and settlement of payments, along with the ability to exchange related payment information across the same secure channel. These RTP capabilities enable all financial institutions to offer safer, faster, and smarter digital transaction services for their corporate and retail customers.
