CLEAR

Image Clear supports the forward collection and electronic check image exchange of deposited items so your credit union can realize the many benefits of TranzCapture, including consolidation of all deposited items into one platform for easy research, reconciliation and concentrated settlement. We accept all ATM, ITM, Merchant, Mobile and Branch Capture x9 files.

## BENEFITS

- + Reduce staff time related to research and reconciliation.
- + Realize operational efficiencies with items located in one place.
- + Reduce fraud with fraud protection options.

## FEATURES

- + Real-time detection of duplicate items and batches. Items receive real-time feedback when accepted into TranzCapture. The different thresholds allow more targeted review (real time or batch) of items.
- + Optional real-time and/or next-day Early Warning® Deposit Chek® fraud protection can be implemented across all deposit channels (and different thresholds can be set for each channel).
- + Enhanced capabilities allow for managing items, data and reports.
- + In conjunction with Image Clear, Corporate One provides a secure copy service (SFTP) that allows credit unions or their vendors to place Image Clear files on our server.

## About TranzCapture

Corporate One uses TranzCapture LLC, a credit union service organization, as the platform for all its item processing services. TranzCapture streamlines work through its web-based platform that offers consolidated administration and processing.

Users access TranzCapture through Members Only, Corporate One's online member portal, and conduct all item processing work, including verifying items, viewing archives and running reports from one consolidated platform. Members can count on robust reporting, real-time duplicate item and batch detection and same-day access to images in a seven-year archive.

## How Does it Work?

Regardless of which vendor is capturing images of your deposits, you can still conveniently consolidate all your items into TranzCapture with Image Clear. We accept all ATM, ITM, Merchant, Mobile and Branch Capture x9 files.
